EDUCATION

Bachelor of Computer Science and Engineering, Data Science Specialization 2022 - Present
D.J. Sanghvi College of Engineering, University of Mumbai, India CGPA: 8.2/10

WORK EXPERIENCE

Data Science Intern, MindCraft Software, Mumbai, India Jun 2025 - Aug 2025

- Worked on machine learning, LLMs, and computer vision projects in the insurance domain.
- Built a CLTV prediction model with 92% accuracy, finetuned an open-source LLM for domain-specific NLP tasks, and developed a document classification system for insurance documents, achieving 98% accuracy.

Technical Consultant Intern, CocoonIT Services, Mumbai, India Jun 2024 - Sept 2024

- Configured and customized Microsoft 365 Business Central, achieving tailored solutions for five unique client needs within a tight two-month timeframe, resulting in increased customer satisfaction ratings by over 30%.

LEADERSHIP & PROJECTS

Marketing Head, DJS Speedsters, Mumbai, India Mar 2023 - Sept 2025

- Joined as a Marketing Member and was later promoted to Marketing Head in October 2024 based on performance and leadership.
- Played a key role in branding and promotional efforts during the FMAE MotoStudent competitions

Publicity Head, Society for Data Science (S4DS), Mumbai, India Aug 2023 - May 2025

- Led the publicity and promotional initiatives of the club for all major events over a 2-year tenure.
- Successfully promoted the annual 24-hour national-level hackathon, DataHack, resulting in 1300+ registrations from diverse regions across India.

Career Recommendation System, Dj Sanghvi College Dec 2024 - May 2025

- Built a career recommendation system using LSTM-based deep learning, achieving 89% accuracy in predicting suitable career paths.
- Implemented content-based filtering, real-time job market analysis, and a career chatbot using a fine-tuned LLM to provide personalized guidance, course suggestions, and demand-driven job insights.

Credit Score Classifier, Dj Sanghvi College Jul 2023 - Aug 2023

- A machine learning model designed to classify a person's credit score into categories such as poor, fair, good, and excellent based on various factors.
- The classification is performed using a Random Forest algorithm to ensure high accuracy and reliability.

Data Visualization, Dj Sanghvi College Mar 2022 - Apr 2022

- Developed interactive Tableau dashboards to analyze sales trends, product performance, and regional insights, highlighting key sales drivers and enabling data-driven decision-making.
- Implemented time series analysis to accurately forecast future sales, supporting strategic business planning.

Volunteer, Aashray Foundation, Mumbai, India Feb 2025 - Present

- Teach Maths and Science to underprivileged students from Grades 2–8.
- Participate in various community outreach and social initiatives organized by the NGO.

PUBLICATIONS

Design and Implementation of an AI-Based Career Advisor Using Cognitive Profiling and Skills Analytics

- The paper is accepted at ICISC 2025, ISBN Number - 979-8-3315-1246-0, conference, and is published in Scopus-indexed IEEE proceedings.

Multi-Modal Machine Learning for Blockchain Fraud Detection: Integrating Graph Neural Networks with Explainable AI

- Developed a hybrid blockchain fraud detection system using Graph Neural Networks and Explainable AI. The paper is accepted at the ICBDS-2025 conference.

SKILLS

- **Programming Languages:** Python, SQL, C, Java
- **Machine Learning & Computer Vision:** Pandas, OpenCV, Tensorflow, Numpy, Matplotlib
- **Data Visualization:** Tableau, Power BI, Excel
- **Web Development:** HTML, CSS, React
- **Certifications:** [Accenture North America Data Analytics and Visualization Job Simulation](#), [AWS Academy Graduate - Cloud Foundations](#)
- **Languages:** English, Hindi, Gujarati

INTERESTS

- **Sports:** Cricket, badminton
- **Miscellaneous:** traveling, music, dance
